By -

Oak Knoll Press, United States, 2006. Hardback. Book Condition: New. 212 x 150 mm. Language: English . Brand New Book. This Print Networks volume is a collection of essays presented at the 2002 Conference on the History of the Book Trade. The theme reinforces the importance of studying specific local factors along side the wider picture of printing history. As with the other volumes in the Print Networks series, the scope of these scholarly essays is wide-ranging: the book trade in Britain, including links with the former colonies, in early modern and modern times. This collection of essays clearly reflects the book-trade history and is a lively engagement with other historical approaches: cultural, social, economic and intellectual. Edited by John Hinks and Catherine Armstrong to noted scholars in this field. Copublished with the British Library.
