

Agile!

By Bertrand Meyer

Springer-Verlag Gmbh Apr 2014, 2014. Taschenbuch. Book Condition: Neu. 254x179x12 mm. Neuware - Are you attracted by the promises of agile methods but put off by the fanaticism of many agile texts Would you like to know which agile techniques work, which ones do not matter much, and which ones will harm your projects Then you need Agile! : the first exhaustive, objective review of agile principles, techniques and tools. Agile methods are one of the most important developments in software over the past decades, but also a surprising mix of the best and the worst. Until now every project and developer had to sort out the good ideas from the bad by themselves. This book spares you the pain. It offers both a thorough descriptive presentation of agile techniques and a perceptive analysis of their benefits and limitations. Agile! serves first as a primer on agile development : one chapter each introduces agile principles, roles, managerial practices, technical practices and artifacts. A separate chapter analyzes the four major agile methods: Extreme Programming, Lean Software, Scrum and Crystal. The accompanying critical analysis explains what you should retain and discard from agile ideas. It is based on Meyer's thorough understanding of...
