Brand New Book ***** Print on Demand *****.Credit Warfare is the only credit repair book of its kind providing all the knowledge, resources, sample letters and tools you need to resolve any credit or debt collection issue on your own legally. Credit Warfare contains detailed strategies for every possible issue such as Bankruptcy, Judgments, Tax Liens, Foreclosure, Repossession, Charge Offs, Debt Negotiation, Collection Accounts, Medical Bills, Late Payments, Inquiries, Rebuilding Your Credit and more! In the early 1990s we experienced a recession not quite as bad as the great recession we re slowly coming out of now but painful for many nonetheless. Back then I did live radio five nights a week on this one subject (credit) broadcast out of Miami. The program, like this book, was called Credit Warfare and focused each night on a new credit or debt issue. Doctors, lawyers, judges, secretaries, police officers, nurses, truck drivers etc. listened to Credit Warfare and used the information to pull their lives back together. A superior court judge became a federal judge. A police lieutenant became a captain. Others got new jobs and started businesses. Once they resolved their credit and debt problems they were able to get the best rates on insurance, homes, cars, credit cards and so on because they were thoroughly trained to handle their credit repair / debt collection challenges themselves. In case you didn t know it, You Are Not Alone! There are roughly 172 million credit files with enough data to generate a credit score. 25 or approximately 43 million credit reports contain serious errors. 75 or approximately 130 million Americans have sub-prime credit scores (between 500 - 649). Think about it; More than 61 million of your...
