Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Everyday English, Vol. 1: Language Lessons for Intermediate Grades The essential facts about language offer a practical problem rather than a science. Teaching should be synthetic, illustrative, not the harmful and apparently unrelated analysis of the theory-ridden student. The proper emphasis should be put upon custom, usage, in all matters of speech. The more mature the scholar, the more should rules be brought into the foreground and the philosophy of language be presented; whereas with younger students the right attitude toward speech can be largely inculcated in the vital way of illustration and example, so that the interest is maintained and the fact brought home to the mind that what is learned has an organic relation to daily living. To make good speech a sort of social obligation will impress a child infinitely more than all the abstractions known as rules of grammar. There is no more interesting, even fascinating subject than that of language use, whether relative to the old or young. Yet vital books about language are the exception. There seems to be a wellnigh fatal penalty attached to the handling of such a theme; to wit, the dryasdust manner, a lack of all freshness, color and movement. This is all the stranger since we are all implicated in the questions of the use and abuse of the mother tongue and no topic is more eagerly discussed or awakens a more alert attention. The little volume here following contains, it seems to me, a thoroughly acceptable treatment of the principles of language use for the guidance of children. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find...
