Trudy Peterson is forced to move to the country with her mother after her grandfathers death. A normal twelve-year-old girl, she has no idea she is about to embark on the biggest adventure of her life. When Trudy discovers The Secret of Ellis Meadow with the aid of a map, an ancient timepiece, and the help of her two best friends, she travels through time to prevent something dreadful from happening. What Trudy doesnt realise is that by following her grandfathers wishes, she not only changes events in the present, but drastically alters the future. Frankie Telfer Caird resides with her husband and two daughters near Glasgow, Scotland. This is her first book. When my children were younger I used to tell them stories of the adventures my friends and I would have when we were children. There wasnt the technology back then that there is now and we had to use our own imagination and create our own adventures. Telling these stories to my own children inspired me to write one of my own. Publishers website: <http://sbpra.com> FrankieTelferCaird This item ships from multiple locations.
